# Improvements from Professor Feedback

- Better representation of product backlog & test cases
- More accurate burndown chart
- Updated & more specific user stories
- Put all artifacts in the assigned repo, make links clickable, and add a direct demo link.

# Project Description

## Team:

ByteSquad

**Project Description:** The Gymnetics web application is a smart supplement, nutrition, and fitness planning platform that generates AI-powered supplement recommendations and workout routines tailored to each user's goals, body metrics, and experience level. Unlike generic fitness programs or manual research, our application delivers customized plans instantly, helping users achieve results faster and more efficiently.

## Benefit Outcomes:

- Increased user adherence to personalized workout and supplement plans
- Improved fitness goal tracking and progress monitoring
- Streamlined onboarding through a guided quiz experience
- Time-saving and confidence-boosting by eliminating the need for manual planning
- User satisfaction from having expert-level guidance without needing a personal trainer

# Working Agreement

## Gymnastics Working Agreement

June 16, 2025

### COMMUNICATION

Our team has decided to use WhatsApp as our main communication tool for quick updates, questions, and task follow-ups. We also hold regular virtual meetings through Google Meet to talk in more detail. These meetings are scheduled twice a week at 8:00 PM. After each meeting, any assigned tasks or important notes will be shared in the WhatsApp group to make sure everyone is on the same page, including those who may have missed the meeting. All members are expected to check the group chat regularly and stay updated throughout the week.

#### Communication Framework:

- Main channels: WhatsApp for messaging and updates; Google Meet for video meetings
- Weekly meetings: Twice a week on Google Meet at 8:00 PM
- Follow-up: Tasks posted on Jira
- Team members are expected to stay active in the chat and give an early notice if they can't attend a meeting

### WORKFLOW

Each meeting, the team will go over what needs to be done, and members will be able to volunteer for tasks that they are comfortable with. Responsibilities must be clearly assigned so that everyone understands who is doing what. Throughout the week, team members should update the group on their progress so that others can provide feedback or assistance as needed.

We believe that teamwork is essential, and no one should feel compelled to work alone. If someone is falling behind or requires assistance, others are urged to jump in and help keep things going. Our goal is to divide tasks equally, keep on track, and support one another so that the project is done properly and on schedule.

# PERSONA 1 - UNORGANIZED STUDENT

**"I WANT TO LEAD A HEALTHIER LIFESTYLE WITHOUT EXTREME DIETING AND EXERCISE. I WANT TO BE CONSISTENT AND DISCIPLINED."**

## MARIA CASTRO

### EXPERIENCE

Beginner - only familiar with at home bodyweight workouts

\*\* Maria will input all her information (age, weight, height, and goals) and receive a 3 day workout split, macro breakdown, and supplement suggestions. She will receive reminders to log in her meals. The suggestions from the store will be daily multivitamins, creatine, and whey isolate or plant-based protein powders.

### DETAILS

- 20 years old
- 5'5", 135lbs
- Full time student & part -time Bookkeeper

### GOALS

- 1 Build Lean Muscle Mass
- 2 Learn How to Weightlift
- 3 Eat Consistent & Healthy Meals

### PAIN POINTS

Has only been to the gym a handful of times, inconsistent with workouts & getting enough meals in the day. Doesn't know what to eat.

# PERSONA 2 - AMATEUR BODYBUILDER

**"I WANT TO BECOME A BODYBUILDER AND JOIN MY FIRST COMPETITION THIS YEAR."**

## JAMES BROWN

### EXPERIENCE

Intermediate - lifts often but doesn't keep track of his nutrition & weight

\*\* James will input all his information (age, weight, height, and goals) and receive a 5 day workout split, macro breakdown, and supplement suggestions. The suggestions will be creatine, pre workout, mass gainer, fish oil , and whey isolate or whey blend protein powders.

### DETAILS

- 28 years old
- 6'2", 178 lbs
- Retail Sales Associate

### MOTIVATIONS

- 1 Build Muscle Mass & Strength
- 2 Join bodybuilding competition
- 3 Reach 210 lbs

### PAIN POINTS

Doesn't have a consistent workout split, doesn't know how to track macros & calories, not familiar with supplements

# MVP

- The Minimum Viable Product (MVP) is the simplest version of our app that delivers core value to users.

## Gymnetic MVP Features:

- User Sign-up/Login
- Profile: Add height, weight, fitness goals
- Browse Supplements Store
- Add to Cart
- Mock Checkout (no payment yet)
- Customized workouts and nutritional recommendations
- This allows users to experience our fitness ecosystem from Day 1!

# Tech Stack

## Backend

- Java
- Spring Boot

## Frontend

- React
- CSS
- HTML

## AI Integration

- Deepseek

## Database

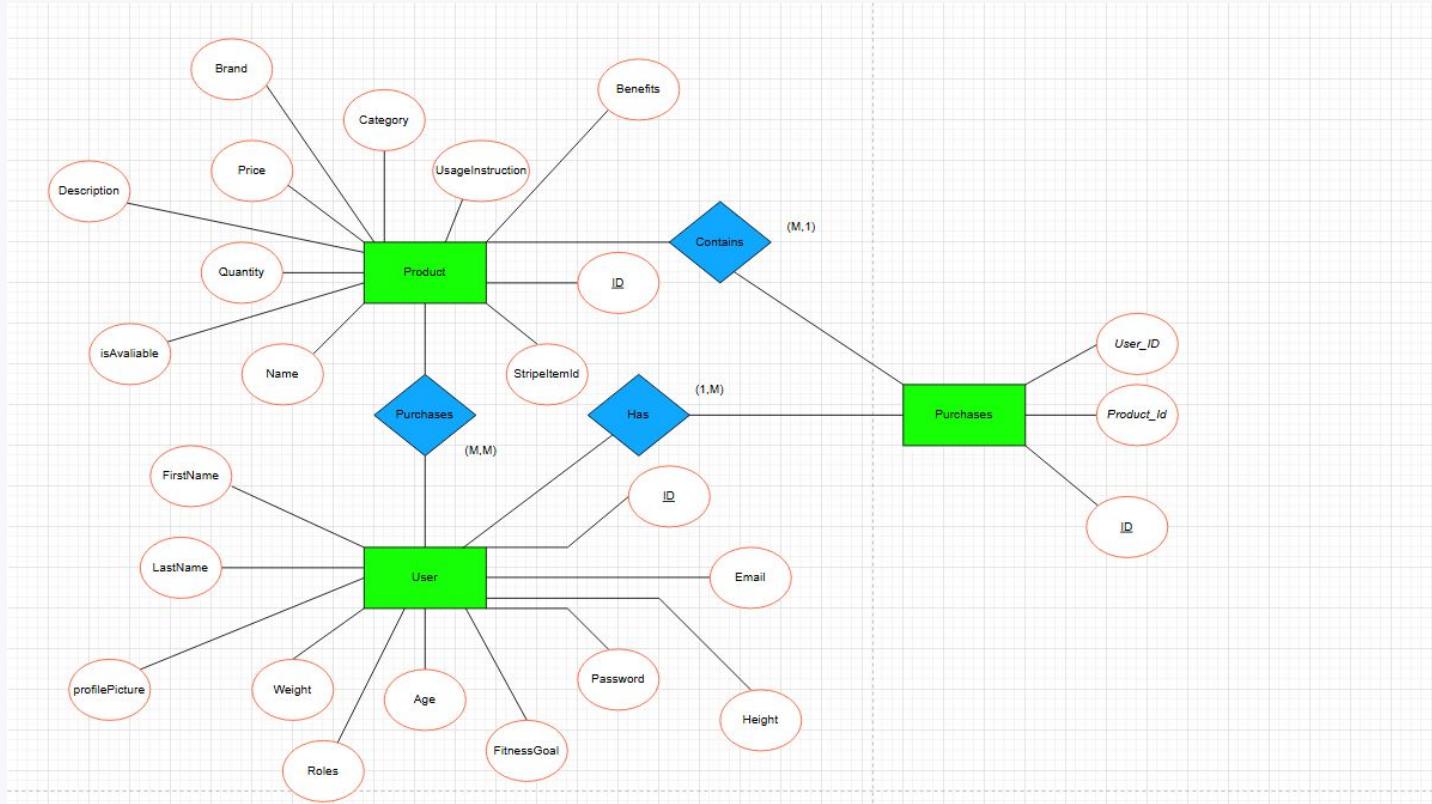

- MySQL

## Third Party

- AWS S3
- Stripe

# Test Cases w/ User Stories pt.1

Sprint 2 – Test Cases						
User Story						
TC ID	Test Case Title	Steps	Expected Result	Execution Status	Execution Date	
US_02	As a customer, I want to complete an onboarding quiz to get personalized supplement and workout recommendations tailored to my goals and experience.					
TC_03_02	Onboarding quiz validation with personalized recs generated	Fill registration form → Submit	Account created and dashboard redirect. Tailored workout +	Pass	08/01	
User Story						
US_03	As a customer, I want to reset my password if I forget it so I can regain access to my account.					
TC ID	Test Case Title	Steps	Expected Result	Execution Status	Execution Date	
TC_04_02	Forgot password link visible	Go to login → Forgot Password? → Form appears	Link is visible and navigates to the reset form.	Pass	07/26	
TC_04_03	Successful password reset	Enter registered email → open reset email → follow link →	Password is updated; old password no longer works;	Pass	07/26	
TC_04_04	Unregistered email handling	Submit a reset request for an email not in the system.	Generic success message (no account)	Pass	07/26	

# Test Cases w/ User Stories pt.2

User Story						
<b>US_05</b>	As a customer, I want to view supplement products available for purchase so I can find and evaluate items I need.					
TC ID	Test Case Title	Steps	Expected Result	Execution Status	Execution Date	
TC_05_02	Products page displays	Navigate to products	All available supplements shown name, price, and image	Pass	08/12	
TC_05_03	Products detail page loads	Click a product → details displayed	Detail page shows description, dosage, price, and image.	Pass	08/12	
TC_05_04	Pagination / infinite scroll	Scroll or navigate to next page of results (if needed).	Next set of items loads; no duplicates; back/forward preserves position.	Pass	08/12	
User Story						
<b>US_08</b>	As a customer, I want to complete my purchase using Stripe payments so I can securely pay for my order.					
TC ID	Test Case Title	Steps	Expected Result	Execution Status	Execution Date	
TC_07_03	Payment success flow	Use Stripe test card & complete payment.	Payment Intent succeeds; order marked paid; confirmation page shown.	Pass	08/12	
TC_07_04	Payment failure flow	Use invalid and submit.	Clear failure message; order remains Unpaid; user can retry or change method.	Pass	08/12	

# Test Cases w/ User Stories pt.3

User Story							
TC ID	Test Case Title	Steps	Expected Result	Execution Status	Execution Date		
US_12	As a customer, I want to edit my profile (name, email, password, info) so my account stays accurate and up to date.						
TC_12_01	Change profile fields (name/info)	Profile → edit name and bio/info → Save.	Changes persist and appear on subsequent visits.	Pass	07/31		
TC_12_02	Change email with verification	Update email → confirm via verification email.	Email change pending until verified; after verify, login works with new email; old email invalid.	Pass	07/31		
TC_12_03	Change password with re-auth	Profile → Security → enter current password → set new password.	Re-auth enforced; new password works; old password rejected.	Pass	07/31		
User Story							
US_13	As a customer, I want to delete my account so I can remove my data from the platform when I choose.						
TC ID	Test Case Title	Steps	Expected Result	Execution Status	Execution Date		
TC_13_01	Delete w/ confirmation	Profile → Delete Account → confirm	Account deleted; user logged out; confirmation email sent.	Pass	08/14		
TC_13_02	Recovery blocked	Attempt Forgot Password after deletion.	Reset is blocked; user instructed to register.	Pass	08/14		

# **Test Cases w/ User Stories pt.4**

User Story	US_14	As a customer, I want relevant product images to display so I can visually confirm I'm buying the right items.				
TC ID	Test Case Title	Steps	Expected Result	Execution Status	Execution Date	
TC_14_01	Product images load	Open products list and visible images along with product details	Correct images render from S3 quickly; no broken layouts.	Pass	08/15	
<b>Testers</b>

# Sprint Backlog

## Gymnetics — Sprint 2 Backlog

Sprint window: July 12, 2025 – August 20, 2025

### Backlog Items (Stories):

ID	Epic	User Story	Priority	Story Points	Status
<b>S2-01</b>	Stripe Checkout	As a customer, I want to complete my purchase using Stripe payments.	High	8	Done
<b>S2-02</b>	Auth	As a customer, I want to reset my password so I can log back in if I forget it.	High	3	Done
<b>S2-03</b>	Profiles	As a customer, I want to edit my profile (name, email, password, info) so my details stay current.	High	5	Done

# Sprint Backlog Pt.2

<b>S2-04</b>	Accounts	As a customer, I want to delete my account so I can remove my data.	Medium	3	Done
<b>S2-05</b>	Catalog Images	As a customer, I want product images so I can see relevant items.	High	5	Done
<b>S2-06</b>	AI Workouts	As a customer, I want an AI workout generator so I receive personalized plans.	High	13	Done
<b>US_07</b>	Auth	As a customer, I want to log in securely so I can access my saved data.	High	3	Done

# Sprint Backlog Pt.3

<b>US_08</b>	Storefront	As a customer, I want to scroll and view supplement products available for purchase.	High	5	<input type="checkbox"/> Done
<b>US_09</b>	Cart	As a customer, I want to add and manage items in my cart.	High	5	Done

# Product Backlog pt.1

Epic	User Story	Priority	Story Points
User Onboarding and Profiles	As a user, I want to create an account where I can access personalized features.	High	5
User Onboarding and Profiles	As a user, I want to log in securely so I can access my saved data	High	3
User Onboarding and Profiles	As a user, I want to input my age, weight and height and get personalized fitness goals	High	8

# Product Backlog pt.2

Epic	User Story	Priority	Story Points
AI Personalization	As a user, I want to complete an onboarding quiz to get personalized supplement and workout recommendations.	High	6
Profile Setup	As a user, I want to input my age, weight, height, and fitness goals so that I can receive personalized recommendations.	High	8
Nutrition Tracking	As a user, I want reminders to log my meals so I can stay consistent with nutrition.	High	5

# Product Backlog pt.3

Epic	User Story	Priority	Story Points
Supplements Store	As a user, I want to view supplement products available for purchase.	High	5
Cart Management	As a user, I want to add and manage items in my cart.	High	5
Mock Checkout	As a user, I want to perform a mock checkout to see the process without payment.	Medium	5
Stripe Checkout	As a user, I want to complete my purchase using Stripe payments.	High	8

# Product Backlog pt.4

Epic	User Story	Priority	Story Points
Trainer Dashboard	As an admin/trainer, I want to view user profiles so I can monitor progress.	Low	8
Trainer Dashboard	As an admin, I want to see recommended workouts generated for each user so I can validate results.	Low	5
AI Recommendations	As a user, I want the AI to generate supplement recommendations based on my profile so I don't have to research on my own.	High	13
AI Recommendations	As a user, I want to receive personalized workout recommendations instantly so I can save time and follow a clear plan.	High	13

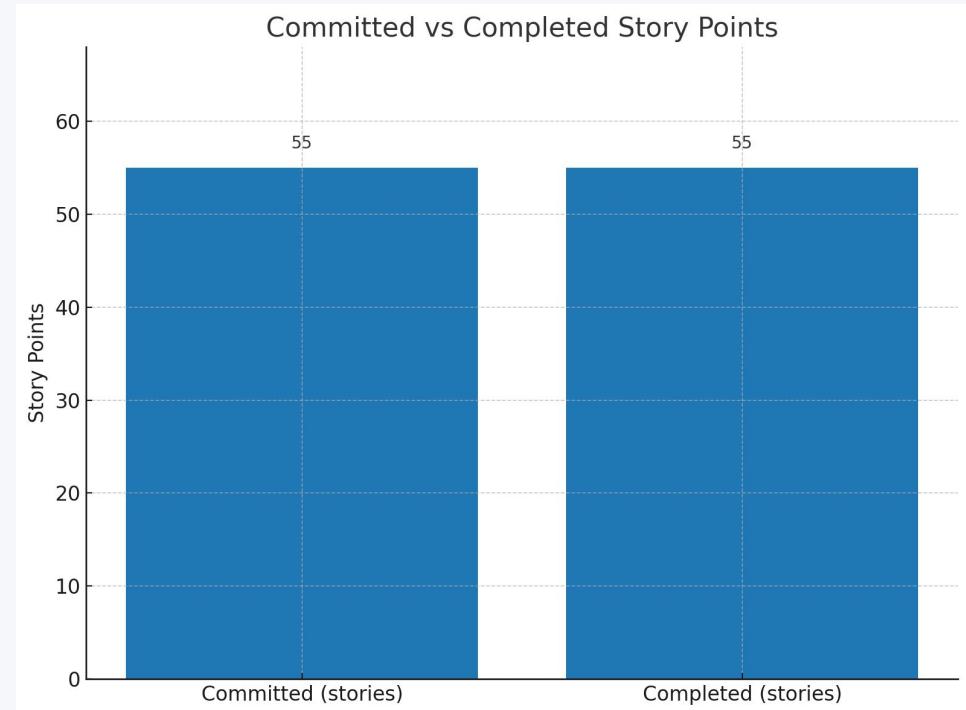

# Velocity & Completed/Committed Ratio Chart

Total Story Points: 55

Story Points Completed: 55

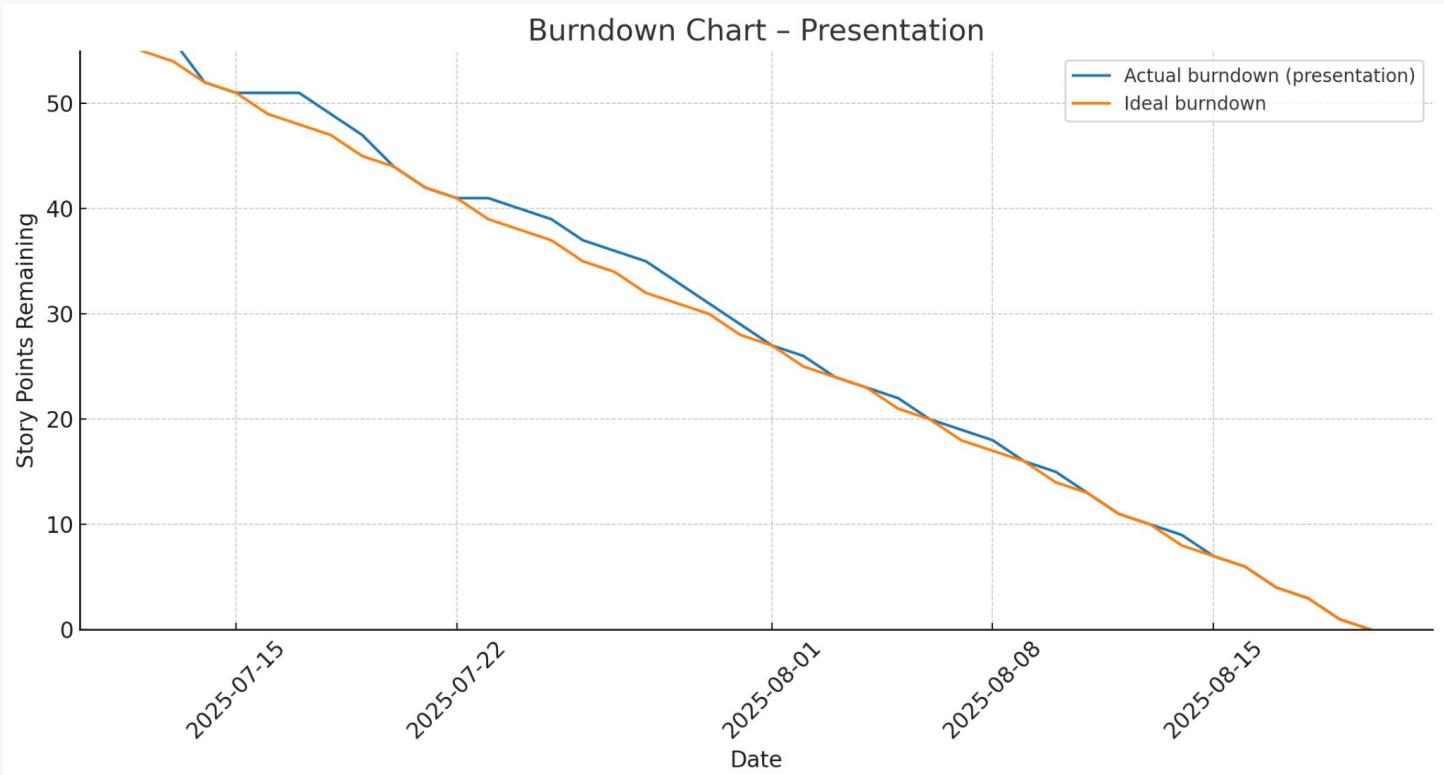

Ratio:  $55/55 = 100\%$

# Burndown Chart

Burndown Chart - Presentation

# API

## Stripe API

Type: REST API

Purpose: Loading checkout shop, and allowing users to purchase items listed in Stripe

How it works:

- The application makes a POST request which allow users to checkout the item they want to purchase.
- API being called is in StripeController with backend logic in StripeService

## DeepSeek API

Type: REST API

Purpose: Analyzes users information such as age, weight, height and recommend supplements from our shop.

How it works:

- The application will read a GET request of user's information, and injected that information to the Prompt.
- API being called is in DeepSeekController with backend logic in DeepSeekService

# APP

## CREATING AN ACCOUNT

- A first time user registers their account on the app before signing in.
- Once inside the app, a user can navigate to a supplements store where they can select items on the screen and add them to a cart.
- Once satisfied they open the cart and pay the online checkout.
